

# Titan Flow Systems

Product Datasheet

## Model: TBV-12

|                         |              |
|-------------------------|--------------|
| Nominal Size:           | 12"          |
| Body Material:          | Ductile Iron |
| End Connection:         | Wafer        |
| Max Working Pressure:   | 232 PSI      |
| Max Temperature Rating: | 120°C        |
| Standard:               | API 609      |
